1        Resolution. Resolution No. 21-R-07, introduced by the Mayor and City Council of  
2        Aberdeen, to extend the corporate boundaries of the City by including therein the Annexation  
3        Property and setting forth specific conditions relating to the annexation.

4        2. General Provisions:

5            a. Recitals. The recitals contained herein are incorporated in this Agreement as  
6            operative provisions of this Agreement.

7            b. Conditions of Annexation. The terms, covenants, conditions, and effectiveness  
8            of this Agreement except for Paragraph 11 (Payment of Annexation Expenses),  
9            all as hereinafter set forth, are contingent upon the enactment and taking effect of  
10           the Resolution by the City Council annexing the Annexation Property and zoning  
11           the Annexation Property as Integrated Business District (IBD), as specified in  
12           Paragraph 3 below. The provisions of Paragraph 11 are effective upon the  
13           execution of this Agreement by the City and Petitioners and remain in effect  
14           regardless of whether the annexation becomes effective or is revoked by  
15           Petitioners.

16        3. Permissible Uses of Annexation Property. From and after the effective date of the  
17        annexation and until changed by the Aberdeen City Council by ordinance, the Development  
18        Parcels shall be developed and improved only for the principal permitted uses allowed in the  
19        Integrated Business District (IBD). The parties acknowledge that without express approval from  
20        the Harford County Council (the "Express Approval"), § 4-416 of the Local Government Article  
21        of the Maryland Code precludes, for five years after annexation, development of the  
22        Development Parcels for land uses substantially different than the authorized use, or at a

1 substantially higher density, not exceeding 50%, than could be granted for the proposed  
2 development in accordance with Harford County's Agricultural (AG) zoning classification in effect  
3 at the time of annexation. It is the mutual expectation of the parties that the County Council will  
4 grant such approval, but the failure of the Harford County Council to grant such approval shall  
5 not affect the effectiveness or validity of this Agreement. The Petitioners shall be responsible  
6 for requesting express approval from the Harford County Council and providing the official  
7 response from the County Council to the City. The City shall join in the Express Approval as  
8 needed by Petitioners in order to develop the Development Parcels into the residential  
9 subdivision proposed by the Petitioners as depicted on the Preliminary Site Plan for Aberdeen  
10 Overlook as heretofore approved by the Aberdeen City Council.

11 4. Development Requirements Binding on Owner and Developer of the Development  
12 Parcels.

13 a. Design, Development, Use and Restrictions. The Design, Development, Use and  
14 Restrictions of the Development Parcels shall be governed by §235-18. K.,  
15 Integrated Business District (IBD) of the Code of the City of Aberdeen, as  
16 amended from time to time, and other applicable City, Harford County and State  
17 development laws, regulations, processes, and procedures in effect from time to  
18 time, including the City's Adequate Public Facilities Ordinance.

19 b. The Resolution and this Agreement do not, without further procedures as  
20 prescribed by law, permit, grant or allow any building, excavation, or  
21 construction on the Development Parcels.  
22

5. Water System.

- a. Water distribution mains do not currently exist at either of the Development  
Parcels. The City shall provide access to water service for the Development  
Parcels subject to the water capacity of the City meeting or exceeding applicable  
Code and regulatory requirements, a public works agreement being executed by  
the City and the Owner and Developer, and the Harford County Master Water  
and Sewer Plan authorizing the City to serve the Development Parcels with City  
water service. The City shall make water service available to the Development  
subject to the Owner and Developer meeting all City, County, and State  
regulatory requirements. After the effective date of the annexation, the City will  
apply for such an amendment to the Harford County Master Water and Sewer Plan.
- b. To the extent required by or to serve the Development Parcels, the Owner and  
Developer shall be responsible for a share of costs for the construction of new or  
the extension of existing water laterals and mains; for the costs of the acquisition  
of the required rights-of-way, connection charges and construction inspection  
fees associated with such service; and for the cost of any other improvements  
Owner and Developer may elect or are required to make to improve the existing  
water system in order to meet all requirements of the APFO; provided, however,  
the parties hereto agree that the APFO costs of the water system are expressly set  
forth within the APFA. However, if Owner and Developer elect not to make  
water system improvements necessary to satisfy APFO requirements for  
development of the Development Parcels, Owner and Developer may not develop

the Development Parcels, and may not require City to issue permits and approvals for development on the Development Parcels, until APFO requirements are satisfied.

c. Any improvements to the City's water system shall be designed and constructed to ensure sufficient water pressure to protect the health, safety, and welfare of City residents and to promote the efficiency of the future water service.

d. All water system improvements shall be constructed in accordance with the City's Standard Specifications and Construction Details and other relevant statutory and regulatory provisions, including the APFO.

e. Upon satisfactory completion of construction and final inspection of water system improvements, Owner and/or Developer shall dedicate and convey the improvements to the City free and clear of liens and encumbrances.

6. Sewer System.

a. Sewer mains do not currently exist at either of the Development Parcels. The City shall provide access to sewer service for the Development Parcels subject to sewer capacity of the City meeting or exceeding applicable Code and regulatory requirements, a public works agreement being executed by the City and the Owner and Developer, and the Harford County Master Water and Sewer Plan authorizing the City to serve the Development Parcels with City sewer service. The City shall make sewer service available to the Development subject to the Owner and Developer meeting all City, County, and State regulatory requirements. After the effective date of the annexation, the City will apply to Harford County for such an amendment to the Master Water and Sewer Plan.

- b. To the extent required by or to serve the Development Parcels, the Owner and Developer shall be responsible for all costs for the construction of new or the extension of existing sewer mains and laterals; for improvement or upgrades to existing pump stations; for other sewer improvements required to serve the Development Parcels; for the cost of the acquisition of the required rights-of-way; for the payments of connection charges, and construction inspection fees; and for the cost of any other improvements Owner and Developer may elect or are required to make to improve the existing sewer system in order to meet all requirements of the APFO; provided, however, the parties agrees that the APFO costs of the sewer system are expressly set forth in the APFA. However, if Owner and Developer elect not to make sewer system improvements necessary to satisfy APFO requirements for development of the Development Parcels, Owner and Developer may not develop the Development Parcels, and may not require the City to issue permits and approvals for development on the Development Parcels, until APFO requirements are satisfied.
- c. All sewer system improvements shall be constructed in accordance with the City's Standard Specifications and Construction Details and other relevant statutory and regulatory provisions, including the APFO.
- d. Upon satisfactory completion of construction and final inspection of sewer system improvements, Owner and Developer shall dedicate and convey the improvements to the City free and clear of liens and encumbrances.

7. Traffic Signals, Transportation Studies, Road Improvements and Stormwater Management.

- a. The Owner and Developer shall be responsible for all costs associated with design and installation of traffic signals and signs resulting from the development of the Development Parcels. The signals and signs shall be designed and constructed in accordance with the Manual on Uniform Traffic Control Devices.
- b. Prior to the City issuing any development approvals, the Owner and Developer, at their expense, shall provide the City with a Traffic Impact Analysis (in compliance with the APFO) for the proposed development of the Development Parcels, subject to the City's approval of the scope of the Analysis and of the traffic consultant performing the Analysis, such approval not to be unreasonably withheld. The Traffic Impact Analysis will be reviewed by the City of Aberdeen and the Harford County Departments of Public Works and Planning and Zoning. Based on their collective reviews and requirements, Owner and Developer shall construct, at their expense, all on-site and off-site road improvements within the time required reasonably by the City's development process.
- c. The Owner and Developer shall pay all costs associated with the construction, reconstruction, upgrading, or widening of existing roadways, of all internal roadways, bridges, curb and gutters, storm drain systems and stormwater management facilities, acquisition of all required road rights-of-ways, reimbursement to the City for all costs and attorney's fees associated with

condemnation to acquire road rights-of-way, if deemed reasonably necessary by the City, and other related required roadway expenses resulting from the development of the Development Parcels.

d. Each of the foregoing improvements (water, sewer, roads) located in the City, other than stormwater management facilities, shall be owned, and maintained by the City, and, upon completion of construction and satisfactory final inspection of each improvement, and prior to the release of any maintenance bonds for such improvement, shall be conveyed by the Owner and Developer to the City in fee simple free and clear of liens and encumbrances.

e. Stormwater management facilities shall be owned and maintained by the Owner of the Development Parcels or portion thereof upon which the stormwater management facilities are located. After a homeowners association is established for the Development Parcels or portions thereof, the Owner of such property shall dedicate and convey such stormwater management facilities, in fee simple and free and clear of liens and encumbrances, to a homeowners association established for the Development Parcels or portions thereof in which the stormwater management facilities are located.

f. If either or both of Long Drive and Aldino Stepney Road is annexed into the City's corporate limits and conveyed by Harford County to the City, Owner and Developer shall be responsible for treating 100% of stormwater flowing from any road improvements installed by Developers. After Long Drive and Aldino Stepney Road stormwater facilities are constructed by Owner and Developer and approved, they shall be conveyed to the City for ownership in fee simple, free and clear of

1           liens and encumbrances.

2           g. All infrastructure improvements shall be constructed by Owner and Developer in  
3           accordance with the City's Standard Specifications and Construction Details and  
4           other relevant statutory and regulatory provisions, including the APFO.

5           h. The Developer, prior to the issuance of any building permits for development on  
6           either or both of the Development Parcels, shall enter into a Public Works  
7           Agreement with the City, and, for all road improvements to County-owned roads,  
8           enter into a separate Public Works Agreement with Harford County as required  
9           by the County. Each public works agreement shall be supported by such  
10          bonding or other security as the City and County requires. The Owner of each  
11          Development Parcel shall join in the Public Works Agreement for that Parcel to  
12          consent to its terms and to bind that Parcel.

13       8. Sidewalk Improvements, Vehicular and Pedestrian Connections.

14          a. The Sidewalk Improvements and Vehicular and Pedestrian Connections for the  
15          Development Parcels shall be governed by §235-18 K., Integrated Business  
16          District, of the Code of the City of Aberdeen, Chapter 235, Development Code,  
17          as amended from time to time.

18          b. During the development phase of each Development Parcel, Owner and  
19          Developer shall make every effort to provide both vehicular and pedestrian  
20          connections to any adjoining residential neighborhoods.

9. Recreation.

a. During the development of the Development Parcels, the City's Department of Planning and Community Development and Planning Commission shall determine the specific types of recreational facilities and locations for such facilities, relative to the specific development of each parcel of the Development Parcels, as may be required by the Code of the City of Aberdeen, Chapter 235, Development Code. The Owner and Developer shall install and maintain, at its expense, such recreation facilities as the City may determine for each Development Parcel.

b. Developer may use open space to serve recreational purposes and preserve significant site features. Open space intended to serve recreational purposes must be appropriate to the scale and character of the residential development, considering its size, density, anticipated population, and number and type of dwelling units proposed, as per the Code of the City of Aberdeen, Chapter 235, Development Code.

10. Payment for Facilities, Equipment and Additional Work Force Necessitated by Development of the Development Parcels. Developer understands and acknowledges that the annexation and development of the Development Parcels will result in a need for additional City facilities and equipment to address the impacts of residential growth from the annexed Development Parcels. Therefore, Developer agrees to pay to the City \$26,300 (hereinafter "Total Developer Contribution") to offset the City's costs. The Total Developer Contribution shall be paid in full prior to the recordation of subdivision plats

for land development.

11. Payment Costs and Expenses of Annexation – Processing and Reviewing.

a. PHM shall pay to the City all reasonable and actual costs and expenses of the City associated with the requested annexation of the Annexation Property, exclusive of costs of internal City staff time, up to a maximum of eighteen thousand four hundred and seventy-four dollars (\$18,474.00). These costs and expenses include, but are not limited to, attorney fees and expenses, publication costs, recording fees and costs, and expenses associated with any referendum election if required to be conducted on the annexation. The City acknowledges, covenants and agrees that the sum of \$18,474.00 has been paid in full by PHM.

b. Before the Mayor and City Council takes any action on a Resolution to annex the Annexation Property, Petitioners shall pay to the City all costs and expenses incurred by the City in connection with the annexation proceeding, and those additional costs and expenses reasonably estimated by the City to be incurred in the future, including any referendum on the annexation. Within thirty (30) days after the conclusion of all annexation proceedings, the City shall refund to Petitioners' designee any monies paid more than the City's actual costs and expenses associated with the annexation proceeding, including any referendum. Petitioners shall pay to the City, within 30 days after demand by the City, any difference between monies previously paid by Petitioners and the City's actual costs and expenses associated with the annexation proceeding and any referendum.

12. Notices. Any notice required to be given pursuant to this Agreement shall be given in

1 writing by postage prepaid certified mail, return receipt requested, to addresses of the  
2 parties hereto as set forth on Exhibit D, which is attached hereto and made a part  
3 hereof.

4 13. Binding Effect. The obligations and responsibilities expressed in this Agreement shall be  
5 binding upon, as applicable, Owner and Developer, their respective heirs, personal  
6 representatives, successors, and assigns, but shall not be construed as the personal  
7 obligations or covenants of any consumer who purchases a lot for residential  
8 occupancy after the lot is improved with a dwelling by Owner, Developer, or their  
9 successors or assigns.

10 14. Agreement Constituting Covenants Running with the Land. The Petitioners and Owner  
11 hereby agree that, from and after the date of this Agreement, and subject to the satisfaction  
12 of the condition precedent specified in Paragraph 2.b. above, the Annexation Property and  
13 Development Parcels shall be held, conveyed, encumbered, sold, leased, rented, used,  
14 occupied and improved subject to such covenants, conditions, restrictions, use  
15 limitations, easements, obligations and equitable servitudes as are set forth in this

2 Property and Development Parcels to the same extent as this Agreement.

4 covenants, terms, conditions, restrictions, use limitations, equitable servitudes, easements

15 permits, use and occupancy permits, subdivision approvals or grading permit and  
16 sediment control approvals required for any development or construction on any of the  
17 Development Parcels, and Owner and Developer waive their rights to compel or require  
18 the City to accept, process, issue or grant any such applications, permits or approvals,  
19 until the particular covenant, condition, restriction, provision, obligation or term of this  
20 Agreement has been satisfied.

4 Annexation Property, shall be subject to the Charter and all laws, rules, and regulations  
5 of the City, and shall be subject to taxation by the City, as all generally are applicable  
6 to property and residents of the City, subject to the terms and conditions of this  
7 Agreement.

19 the manner set forth in this Paragraph 22, unless other requirements are expressly  
20 provided by law.

21 b. A modification, amendment, supplementation, or rescission of this Agreement  
22 shall be effective only if it is made in writing, is executed with the same  
23 formality as this Agreement, states the date of the public hearing referred to in

subparagraph 22.c., and is recorded among the Land Records of Harford County, Maryland.

1 part of this Agreement, the City shall pay all reasonable attorney's fees, court costs, cost  
2 of suit, and expenses incurred by the Owners and Developers in enforcing the provisions  
3 of this Agreement with respect to said breach or in obtaining damages, therefore.

4 26. Effect of Waiver on Breach. The waiver by any party hereto of a breach of any provision  
5 of this Agreement shall not operate or be construed as a waiver of such breach by any  
6 other party, as an amendment of this Agreement, or as a waiver of any subsequent  
7 breach of the same or any other provisions of this Agreement by such waiving party or by  
8 any other party hereto.

9 27. Duplicate Counterparts. This Agreement may be executed via original, facsimile, or  
10 electronic (pdf) signatures by the various parties on several separate counterparts hereof,  
11 all of which shall together be valid and full binding upon the parties hereto  
12 notwithstanding the fact that the undersigned parties may not have signed the same  
13 counterpart.

14 28. Non-contestability of Agreement. The parties agree not to challenge or contest, and  
15 waive any right to challenge or contest, in any legal or equitable proceeding, in any

## EXHIBIT E

### ADEQUATE PUBLIC FACILITIES AGREEMENT

This Adequate Public Facilities Agreement (the "Agreement") is made this 20<sup>th</sup> day of October, 2021, by and between GOLDSTONE PROPERTIES, LLC, and its successors and assigns ("Goldstone"), PRESBYTERIAN HOME OF MARYLAND, INCORPORATED ("Owner") and CITY OF ABERDEEN, a body corporate and politic (the "City").

WHEREAS, Goldstone is the contract purchaser of certain real property located in the municipal limits of the City, more particularly described on Exhibit A-1 attached hereto, but specifically excluding the excluded land as shown and more particularly described on Exhibit A-2 (the "Property"); and

WHEREAS, the Property is owned by Presbyterian Home of Maryland, Incorporated ("Owner"), who joins in this Agreement for the sole purpose of consenting to its terms, but shall not be personally liable for any of Goldstone's obligations under this Agreement or otherwise bound by this Agreement in Goldstone's development of the Property; and

WHEREAS, Goldstone intends to develop the Property as a residential community consisting of multiple housing types and associated amenities, known as Aberdeen Overlook (the "Project"), as shown on the draft preliminary site plan attached hereto and incorporated by reference herein as Exhibit B; and

WHEREAS, Goldstone intends to develop the Project in multiple Phases, the exact number of which shall be determined at preliminary site plan submission; and

WHEREAS, Goldstone requires public water and sewer facilities to develop the Project; and

WHEREAS, the City must undertake significant expansions and upgrades to its water and sewer system infrastructure in order to provide adequate water and sewer service for the Project and to serve other potential developments in and around the area of the Project; and

WHEREAS, the City is relying upon financial contributions from Goldstone to provide a source of funding for the water and sewer system infrastructure expansion and upgrade improvements, and the failure of Goldstone to pay its financial contribution in a timely manner will have significant adverse financial impacts upon the City; and

WHEREAS, Goldstone and the City desire to enter into this Agreement in order to establish an agreed upon Adequate Public Facilities Ordinance cost ("APFO" cost") for Goldstone's contribution to the water and sewer systems infrastructure improvements and upgrades, in exchange for the City allocating water and sewer to the Project, and allowing for the City to process and approve the preliminary site plan, under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the covenants and conditions set forth herein, Goldstone and the City agree as follows:

1. Recitals. The recitals as set forth above are incorporated by reference herein.
2. Adequate Public Facilities: Generally. Notwithstanding anything to the contrary herein, Goldstone must, and agrees to, satisfy all Adequate Public Facilities requirements for the Project as set forth in Chapter 302 of the Aberdeen City Code.
3. Adequate Public Facilities Costs. Goldstone and the City agree that the APFO cost for the Project shall be the product of the number of residential units approved for development on the approved preliminary site plan multiplied by three thousand nine hundred dollars (\$3,900.00) per residential unit, plus such additional amount at \$3,900 per EDU as attributable to support facilities (e.g., swimming pool and clubhouse) for the Project (the "Project APFO cost"). The APFO cost per unit or EDU is three thousand nine hundred dollars (\$3,900.00). The Project APFO cost shall be payable as follows:
  - a. As a prerequisite to the City issuing the first or subsequent building permits for up to 50 EDU's, Goldstone shall pay an amount equal to the greater of (i) one hundred ninety five thousand dollars (\$195,000.00) representing the APFO cost for fifty (50) EDU's, or (ii) an amount equal to the product of the number of EDU's for which building permits are applied multiplied by \$3,900 (the "First Payment"). The date of the First Payment shall be the "Anniversary Date."
  - b. On or before each of the first, second and third Anniversary Dates, and as a prerequisite to the City issuing additional building permits for the Project between the those Anniversary Dates, Goldstone shall pay an amount not less than the greater of (i) ninety-seven thousand five hundred dollars (\$97,500.00) representing the APFO cost for twenty-five (25) EDU's, or (ii) an amount equal to the product of the number of EDU's for which building permits are applied, or projected by Goldstone to be applied for during the ensuing year, multiplied by \$3,900.00. Notwithstanding the foregoing provisions of this Paragraph 3.b., for any year in which Goldstone applies and pays the EDU Cost for more than twenty-five (25) EDU's, Goldstone shall be entitled to a credit in the amount of the excess EDU's and EDU Cost that Goldstone may apply to reduce the number of EDU's for which Goldstone must apply and pay for in the subsequent year.
  - c. On or before the fourth Anniversary Date, Goldstone shall pay the remainder of the Project APFO cost that has not previously been paid.
  - d. Goldstone and the City agree that the City shall not issue a building permit for any residential unit in the Project for which an APFO cost has not been paid prior to issuance. If, between the First Payment and the first Anniversary Date, or between Anniversary Dates, Goldstone desires to apply for building permits for residential units that exceed the number of EDU's for which an APFO cost already has been paid, Goldstone shall pay the APFO cost for such permit or permits prior to issuance. Applications for building permits under this Paragraph 3.d. shall be made in 25 residential unit increments.
4. Performance Security. Goldstone's execution of this Agreement shall constitute Goldstone's agreement to provide the City a performance bond, irrevocable and non-cancellable

letter of credit or other security satisfactory to the City to guarantee Goldstone's payment of the APFO cost provided in Paragraph 3 of this Agreement remaining unpaid after the First Payment (the "Performance Security"), such Performance Security to be provided within 30 days after the City approves the record subdivision plat for the Project and prior to the City issuing the first building permit for the Project. The amount of the initial Performance Security shall be an amount equal to the remaining number of approved EDU's for the Project as depicted on the approved record subdivision plat for which the APFO Cost has not been paid multiplied by \$3,900. For example, if the project is approved for 342 EDU's, there would be 292 EDU's approved for the Project remaining after the First Payment and the amount of Performance Security posted at or before application for the first building permit would be one million one hundred thirty-eight thousand eight hundred dollars \$1,138,800.00 for the remaining 292 EDU's. The amount of the Performance Security may be reduced each year by the total amount paid in APFO Cost for that year.

5. Allocation of Water and Sewer. If Goldstone otherwise complies with the provisions of the Aberdeen City Code and makes timely payment of the APFO cost, or portion of the APFO cost, set forth in Paragraph 3 of this Agreement, the City shall ensure that adequate water and sewer capacity will be available to service each Phase of the Project.

6. Entire Agreement. This Agreement contains the entire agreement between the parties with respect to the transactions contemplated herein and there are no representations, warranties, or undertakings other than those expressly set forth herein.

7. Amendment. This Agreement may only be amended by written instrument signed by Goldstone and the City.

8. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of Goldstone and the City and their respective permitted successors and assigns. It is Goldstone's intent to assign its rights and obligations with respect to the Property to an LLC to be registered in the State of Maryland at a later date.

9. Notices. Any notice or communication required or contemplated by this Agreement shall be deemed given: (i) when deposited the United States Mail, Certified with Return Receipt Requested, postage prepaid; (ii) when delivered by commercial messenger service (e.g., FedEx or UPS) with evidence of delivery signed by any person at the notice address; or (iii) otherwise when actually received at the notice address by the person to whom it is addressed. 10. Interpretation. This Agreement has been prepared by all parties hereto, and the language used in this Agreement shall not be construed in favor of or against any particular party or parties, it being the intent of the parties that this Agreement shall, in the event of any dispute over its meaning or application, be interpreted fairly and reasonably and neither more strongly for or against any party solely because of that party's role in the drafting of this Agreement.

11. Applicable Law, Jurisdiction and Venue. This Agreement is being executed and delivered, and is intended to be performed, in the State of Maryland, and shall be interpreted, construed and enforced in accordance with the laws of such State without regard to those principles governing conflicts or choice of laws. Jurisdiction and venue for any dispute involving the interpretation or breach of this Agreement shall be in Maryland State courts located in Harford County, Maryland. To the extent allowed by law the parties expressly waive the right to bring or remove any such action to a federal Court having jurisdiction. If a proceeding must be brought in a federal court, the action shall be brought in the United States District Court for the District of Maryland.

12. Noncontestability of Agreement. The parties agree not to challenge or contest, and waive any right to challenge or contest, in any legal or equitable proceeding, in any forum whatsoever, the validity, legality or enforceability of this Agreement or any or all of its provisions, terms or conditions.

13. Severability. In the event any portion or provision of this Agreement is illegal, invalid, or unenforceable under present or future law, then and in that event, it is the intention of the parties hereto that the remainder of this Agreement shall not be affected thereby, and it is also

the intention of the parties hereto that in lieu of each clause or provision that is found to be illegal, invalid or unenforceable, a provision be added to this Agreement which is legal, valid and enforceable and is as similar in terms as possible to the provision found to be illegal, invalid or unenforceable.

14. Effect of Waiver on Breach. The waiver by any party hereto of a breach of any provision of this Agreement shall not operate or be construed as a waiver of such breach by any other party, as an amendment of this Agreement, or as a waiver of any subsequent breach of the same or any other provision of this Agreement by waiving party or by any other party hereto.

15. Joinder of Owner. The Owner of the Property joins in this Agreement to consent to its terms, but shall not be personally liable for any of Goldstone's obligations or otherwise bound by this Agreement in Goldstone's development of the Property.

16. Covenant Running With the Land. From and after the date Goldstone acquires record title to the Property, the Property shall thereafter be held, conveyed, encumbered, sold, leased, rented, used, occupied and improved subject to such covenants, conditions, restrictions, use limitations, easements, obligations and equitable servitudes as are set forth in this Agreement, all of which covenants, conditions, restrictions, use limitations, easements, obligations, and equitable servitudes shall be deemed to run with and bind the land and be and shall be binding and enforceable upon all subsequent owners, their heirs, personal representatives, successors, and assigns, but shall not be construed as personal obligations or covenants of any consumer who purchases a lot for residential occupancy after the lot is improved with a dwelling, and shall be for the benefit of the City, its successors and assigns, and enforceable by it at law or in equity. Prior to acquisition of title to the Property by Goldstone, this Agreement shall not run with the land or bind the Property and shall not be an obligation of the Owner, its successor and/or assigns, other than Goldstone.

17. Attorney Fees Upon Breach. If any party breaches any part of this Agreement, the breaching party shall pay all reasonable attorney's fees, court costs, cost of suit, and expenses incurred by the non-breaching party in enforcing the provisions of this Agreement with respect to the breach or in obtaining damages, therefore.

18. Time is of the Essence. Time is of the essence in this Agreement.

19. Recordation of Agreement. At such time as Goldstone acquires record title to the Property, the City shall record this Agreement, at the expense of Goldstone, among the Land Records of Harford County, Maryland.

20. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be considered an original, but all of which shall constitute one instrument.
